

Bredevoort Further Processing Van den Berg Pluimvee Brochure

Over VDB

Welcome to VDB, your flexible trading partner for poultry for slaughter and fresh poultry meat.

Trading under the names Van den Berg Poultry for poultry for slaughter and Bredevoort Further Processing for fresh poultry meat, we have specialised in the purchase and sale of poultry for slaughter and fresh poultry meat for many years.

With our extensive European network, we are the connecting link between poultry farmers, slaughterhouses, wholesalers and processing companies.

With Van den Berg Poultry, we strive for reliability and efficiency in the chain from poultry farmer to slaughterhouse. We purchase slaughter poultry from the poultry farmer, coordinate schedules with the poultry farmer, catching crew and slaughterhouses and also arrange transport from farm to slaughterhouse with our own trucks.

This means that our customers and suppliers have only one point of contact, which is pleasant and efficient for everyone! Punctuality, reliability and good planning are of great importance to poultry farmers and slaughterhouses.

Our focus on animal welfare is shown by the fact that we transport poultry in accordance with applicable laws and regulations, guaranteeing sufficient ventilation during transport.

Van den Berg Poultry is also the first poultry trading company to have AirCool trailers; trailers in which warm or cool air is blown into the loading space so that we can transport poultry in an animal-friendly way under all conditions!

Bredevoort Further Processing BV is our trading company in fresh chicken meat and we are a reliable link between slaughterhouses, processors, wholesalers and retail companies.

Product quality and delivery reliability are of paramount importance to us. Thanks to our large, international network of slaughterhouses and processors and our stable customer base, we can deliver any quantity of meat throughout Europe!

Using our own fleet of vehicles, supplemented by reliable transporters, we deliver your products to you under the right conditions and on time.

A deal is a deal. That is our mentality.

Our dedicated employees, in the office, in the warehouse and on the road, always go the extra mile and are very flexible in their services.

As a versatile company in the poultry sector, we are active in all facets of the industry.

Wondering if we can do something for you too?

Then feel free to contact one of our staff on +31 (0)318 482601

or mail to info@vdb-lunteren.nl .
